

B-LITE BUDGET 6

Economy electric wall/ceiling screen solution from Harkness Screens

Harkness Screens is a leading specialist projection screen manufacturer, using unrivalled experience and the latest technology to provide innovative solutions for audio visual, cinema and leisure markets worldwide.

ONE SIZE - MULTI FORMAT

The B-Lite Budget 6 is the cost effective electric screen solution.

The single size - 6ft / 180cm - multi format B-Lite Budget 6 electric screen is designed to meet financial constraints without compromising the quality of the product or its performance.

Application

B-Lite Budget 6 screens are recommended for:

- Training rooms and Lecture rooms
- Schools and Colleges
- Leisure and entertainment venues - particularly public houses and clubs

Construction

The case is made from aluminium for strength and stability, and is white epoxy painted (RAL 9010); rigid steel roller on vibration and noise absorbing supports.

Alternative fixing points offer a choice of ceiling or wall installation options.

Features

- Optically brightened Matt White (gain 1.0) flame retardant projection surface (Classification M1 7201-96).
- Optional rear projection.
- Format; 1:1.
- Preset limit switches automatically stop surface in up and down positions.
- Other formats achieved by switching off when screen partially descended.
- Complete with wall mounted three way switch - on/off, up/down.
- Maintenance free motor with integral gears and capacitor mounted inside the roller. Automatic thermal overload cutout.
- Universal mounting brackets for wall or ceiling installation.
