

MAJOR ELECTRIC

The premier electric wall/ceiling screen solution from Harkness Screens

Harkness Screens is a leading specialist projection screen manufacturer, using unrivalled experience and the latest technology to provide innovative solutions for cinema, leisure and audio visual markets worldwide.

MAJOR ELECTRIC - SIMPLY THE BEST

With the motor integrated inside the roller, the Major is the smoothest quietest electric screen solution.

The Major has a white painted aluminium case and is available in sizes up to 4.5m (14.6ft).

Application

Major electric screens are recommended for:

- Boardrooms
- Training rooms and Lecture rooms
- Schools and Colleges
- Leisure and entertainment venues

Construction

The housing is made from aluminium, and is white epoxy painted (RAL 9010). The roller is a 75mm (3") diameter aluminium tube mounted on two vibration and noise absorbing supports.

Features

- Optically brightened Matt White (gain 1.0) flame retardant projection surface (Classification M1 7201-96).
- Black edge masking including black bottom counterweight.
- Preset, but adjustable, limit switches to stop surface automatically, in up and down positions.
- Complete with wall mounted three way switch - on/off, up/down.
- Maintenance free motor with integral gears and capacitor mounted inside the roller. Automatic thermal overload cutout.
- Universal mounting brackets for wall or ceiling installation.
- Three year warranty.
