

# TWENTY CLAMP®

The Twenty Clamp® is the latest addition to our range of aluminium clamps. Manufactured with pressure die cast aluminium, the Twenty Clamp® has been designed to eliminate truss damage usually associated with steel hook clamps. This stylish compact clamp has a SWL of 20 Kg and can be secured to tubes of 48 - 51 mm diameter with just two turns of the Doughty® knob. As with all major Doughty® products the Twenty Clamp® carries full CE marking and TÜV approval.

Main features:

- SWL 20 Kg
- TÜV approval
- Captive M10 or M12 bolt
- Fits 48 - 51 mm diameter tubes
- Two turns to secure clamp
- Pressure die cast aluminium
- Prevents damage to thin wall truss
