The manufacturer comparisons shown are intended to reflect close or similar matches only.

C = Gel filter is close match to Apollo Gel.

S = Gel filter is of similar hue but different density.

Numbering System

1000's = Diffusions
2000's = Color Corrections
3000's = Violets
4000's = Blues
5000's = Greens
6000's = Yellows
7000's = Oranges
8000's = Reds

APOLLO GEL ROLLS

Polyester filters add color to stage scenery and provide color correction for theater, film and television. Available in 2' x 25' rolls or 2' x 12' half rolls, Apollo Gel Rolls are made of heat resistant polyester using a double - coated process for color consistency. Contact Apollo for color availability.

MSRP: \$82.00 Full Roll
\$41.00 Half Roll

APOLLO PerfGel™

Easy-to-tear perforations

Apollo PerfGel™ is a 20" x 24" or 24" x 24" color filter sheet with easy-to-tear perforations that offer time and labor savings before and during load-in. No more measuring and cutting. Clean, consistent cuts every time.

Apollo PerfGel™ for 20" x 24" sheets is available in all Apollo Gel colors listed on page 45. Contact Apollo for color availability on 24" x 24" gel sheets. The following configurations maximize both gel yield and gel frame compatibility, including 2", 4", 6", 6 5/8", 7 1/2" and 10" squares.

MSRP: 20" x 24" \$6.75 24" x 24" \$7.25

To view PerfGel™ yield diagrams visit
www.internetapollo.com/Products/Pages/PerfGel.aspx

Custom shapes are also available. Contact Apollo for quote.

APOLLO GEL PACKS

Apollo Gel Packs are convenient retail packs of popular filter colors. A Gel Pack contains twelve, 12" x 12" assorted color filter sheets inside a resealable plastic bag with sombrero cut hole for easy display. A colorful graphic slip sheet including gel tips and ideas is included. To view the selected gel colors in each theme pack visit www.internetapollo.com.

- Variety Pack
- Concert Pack
- Theater Pack
- Diffusion Pack

MSRP: \$21.95

GELWRAP™/GEL TUBES

Apollo GelWraps™ ease of installation saves labor while safely adding color to fluorescent lights. Scored seams shape the gel into a triangle that allows the filter to be conveniently fed and "locked" around the fluorescent tube without removing the tube from the fixture. Dimensional storage and shipping costs are also minimized as GelWraps™ are shipped and stored flat. Available in any Apollo Gel Roll color. Patent pending.

MSRP: Tube (T5) 1/2" x 48" (12.7mm x 1.219m) \$13.90
Tube (T8) 1" x 48" (25.4mm x 1.219m) \$14.90
Tube (T12) 1 1/2" x 48" (38.1mm x 1.219m) \$15.90

Apollo Gel Tubes provide creative, low-cost color control of fluorescent lighting. Color gel inserts are pre-assembled into clear polycarbonated tubes with end caps. Simply place the fluorescent light inside the tubes and install. Available in three sizes with any Apollo Gel color listed on page 45. Apollo gel tubes are not recommended for use with T5 High Output lamps. Gel tubes also are available using filters from other manufacturers. Contact Apollo for details.

UV Gel Tubes protect fabrics, paintings, and documents with clear 48" UV filtering, polycarbonated tubes. The UV tube absorbs 100% of a fluorescent lamp's ultraviolet radiation in the wavelength band below 390 nanometers. Available with or without gel.

		Gel Tube	UV Tube	UV Tube With Gel
Tube (T5)	1/2" x 48"	\$13.90	\$15.90	\$21.90
Tube (T8)	1" x 48"	\$14.90	\$16.90	\$22.90
Tube (T12)	1 1/2" x 48"	\$15.90	\$17.90	\$23.90
